

**Notice of the State Forestry Administration
No. 8, 2007**

Notice of the State Forestry Administration (No. 8, 2007)

According to the “Notice of The State Forestry Administration and the State Administration for Industry and Commerce on the marshaling of the use of wild animals, their products and their production enterprises and the implementation of a marking pilot” (Regulatory Document No.: 林护发 [2003] No. 3) and other relevant provisions, we now announce the 7th batch of pilot enterprises and their products that uses the “China Wildlife Management and Utilization Management label” as follows:

1. Since 1/1/2008, for products listed below which are lawfully produced, managed or lawfully stored (in inventory), full implementation of the China Wildlife Utilization and Management special labeling system (hereinafter referred to as "Special Labeling System") applies. The scope of labeling is as follows:

- (1) Chinese medicines containing Saiga antelope horns, pangolin scales and rare snakes ingredients
- (2) Other products made of rare snakes raw materials, including but not limited to musical instruments, leather goods, health food, cleaning agents and cosmetics etc.

The two species of rare snakes mentioned above refers to those which are State-protected or listed in the appendix of the “ International Trade in Endangered Species of Wild Fauna and Flora Convention”.

- (3) Tiger skin, leopard skin and their products, including but not limited to clothing etc.
- (4) Wild animal specimens.

2. Since 1/1/2008, the following pilot enterprises are added. The Special Labeling System applies to their lawful production and sale of the following products, The scope of labeling is as follows:
